MORE OF WHAT YOU LOVE, *only* BETTER

This year and next, the renowned ships of Crystal will each enter into a multi-million dollar transformation — *Crystal Symphony* in September 2017, and *Crystal Serenity* in October 2018. Emerging from their longest-ever makeovers, each will feature spacious new suites and penthouses, more innovative dining options including market-style social spaces, open-seating and expanded specialty venues, more state-of-the-art technologies, and enhanced service and space ratios among the loftiest in luxury travel. For Crystal devotees, it's more of what you

loved before, only better. For anyone new to Crystal, it's what you would expect of the cruise line that has earned more World's Best awards than any other cruise line, hotel or resort in history.

Defined by Crystal's signature hallmarks of service, space, quality and choices, our all-inclusive voyages to destinations around the globe find new inspiration with this luxurious evolution. As with everything Crystal pursues, a single goal remains paramount: ensuring every guest always feels at home upon the sea.

SUITE ELEVATION

Expansive and gorgeous, brand new butler-serviced suites and penthouses will be constructed aboard both ships. Replacing existing staterooms, the newly added accommodations will effectively reduce guest capacity, thereby increasing the ships' service and space ratios to rank with the highest in the industry.

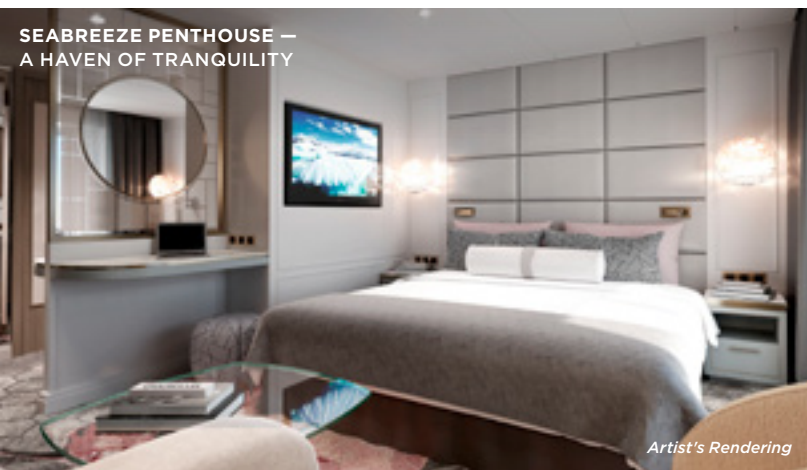

Aboard *Crystal Symphony*, Seabreeze Deck 9 will welcome two new suite categories — Seabreeze Penthouse Suites (SS) and Seabreeze Penthouses (SH) — each offering the same square footage as the ship's current penthouse categories, but with cutting-edge enhancements that herald of things

to come: large, luxury showers with body jets instead of bathtubs, and a unique entryway connecting two Seabreeze Penthouses to create a seamless accommodation for families and friends.

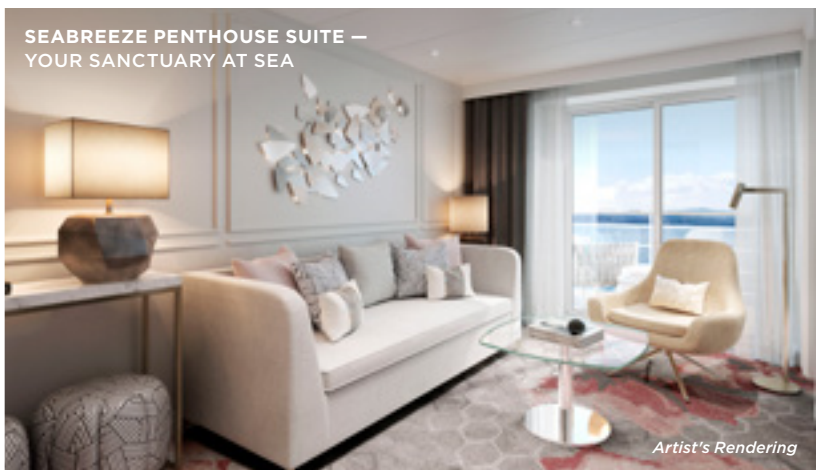

Aboard *Crystal Serenity*, on Deck 10, several staterooms will be converted to the ship's spacious Penthouse (PH) and Penthouse Suite (PS) categories. With the conversion of standard staterooms to penthouses, guest capacity will be reduced aboard both ships: from 922 to 848 guests on *Crystal Symphony*, and on *Crystal Serenity* from 1,070 to 980 guests.

THE **EVOLUTION** OF CRYSTAL LUXURY, A MULTI-MILLION-DOLLAR INVESTMENT

CULINARY INSPIRATION

New venues aboard both ships will include Marketplace, a gorgeous social space for dining and conversation by day, turned Brazilian steakhouse — Churrascaria — by night; a contemporary new specialty Asian restaurant called Silk; and a rebranded main dining room named Waterside, perfectly set to usher in “dine as you desire” open seating. Now, more than ever, you'll savor even more choices with Crystal.
